

SURGE

A LARGE WAVE APPEARS OVER THE HORIZON
SO MUCH POWER IS BUILT UP AS IT ROLLS
OVER ITSELF AND BUILDS MOMENTUM, A
SURGE OF ENERGY IS RELEASED AS THE
WAVE DISSIPATES. THE SUN
BEATS DOWN ON THE RIPPLES OF WHAT IS
LEFT OF THE WAVE AND FLOODS THE
SURFACE OF THE EARTH WITH ITS WARMTH
AND POWER.

THIS POWER IS JUST OFF THE SHORE AND
BRINGS LIGHT TO THE NIGHT EVERYDAY.

HOW DO WE USE THIS?
