## SIGNIFICANCE OF WATER WASTE CAUSED BY LEAKS

Sources: American Society of Civil Engineers, EPA

## ENERGY PRODUCED BY THE INSTAL

### SOLAR POWER

Approx. 110,000 sqm of Solar Panels on the Art Installation= 65,870 Solar Panels

Entire Installation can produce from Solar Power: 214,802,500 KWh annually

### WIND POWER

50 turbinesX 1250 kWh annually per turbine= 62,500 KWh annually

Enough to power approx. 19,500 Households in Los Angeles
